EXECUTIVE REPORT: 4th INVESTIGATOR-INITIATED TRIALS SUMMIT

Dynamic Global Events (DGE) recently hosted the Investigator-Initiated Trials (IIT) Conference, gathering industry experts, clinical investigators, and research professionals for an immersive two-day event focused on advancing investigator-initiated trials. This year's event provided an in-depth look into the challenges, best practices, and regulatory considerations essential to optimizing IIT processes in today's rapidly evolving clinical research landscape.

Highlights from the Conference

The IIT Conference featured a dynamic lineup of speakers who shared their insights on topics critical to the success of IITs, including trial design, funding strategies, and operational efficiency. Speakers from leading pharmaceutical companies, academic institutions, and research organizations brought valuable perspectives to share with the audience.

Key sessions included:

- **Uncover “Best Practices” While Building a Successful IIT**
- **Strategize the Best Way to Generate KPIs from Your IIT**
- **Forecast Budget Needs to Set Yourself Up for Success**
- **Map out Regulatory and Compliance Challenges Globally**
- **Enhance Communication between Investigators and Sponsors**

Networking and Collaboration

Beyond the formal sessions, the conference provided ample networking opportunities, allowing attendees to connect and exchange ideas. The event's interactive format encouraged meaningful dialogue, enabling participants to deepen their understanding of IITs and develop new strategies for their own work.

Looking Forward

The Investigator-Initiated Trials Conference uncovered the essential role of investigator-led studies in advancing medical knowledge and delivering impactful patient outcomes. Dynamic Global Events would like to extend a special thank you to all speakers and participants who made this event a success. We look forward to continuing to support the growth and innovation of IITs and hope to see you all at our upcoming events!
