## SPONSORS AND PARTNERS

# 2<sup>ND</sup> ARTIFICIAL INTELLIGENCE IN LIFE SCIENCES COMPLIANCE

## WHY YOU SHOULD ATTEND

**ARTIFICIAL INTELLIGENCE FOR LIFE SCIENCES COMPLIANCE** is a groundbreaking event for compliance, ethics and privacy experts to chart expanding opportunities in the era of AI. This is an unparalleled opportunity to shape realistic expectations for transformative change and its impact on ethics and compliance. By attending, you'll connect with peers and wade through the challenges and opportunities involving risk, privacy, regulatory expectations, enhancing efficiency – and much more!

**Thank you DGE for creating and hosting this conference. You brought a great mix of compliance and non-compliance experts together to learn and share best practices for AI governance. At the end of the conference, I left with notes of ideas and best practices to bring back to my company's compliance program. I hope to either attend or send my team in future years. –VICE PRESIDENT, ASSOCIATE GENERAL COUNSEL, ALIGN TECHNOLOGY**

## WHO ATTENDS

- Compliance
- Ethics
- General Counsel
- Data privacy
- Risk management
- Data security
- Data integrity
- Legal/regulatory
- Artificial intelligence
- Compliance monitoring
- Auditing
- Data analytics
- HCP engagement

8:00 AM	<b>Registration and Networking Breakfast</b>
9:00 AM	<b>Chair's Welcome and Opening Remarks</b>
9:15 AM	<b>Analyze DOJ's Latest Guidance on AI &amp; Compliance Programs</b>
<p>The Department of Justice (DOJ) has introduced new guidance on compliance program effectiveness, including a dedicated focus on AI. Sort through what the guidance means in practice and how companies are responding.</p> <ul style="list-style-type: none"> <li>• Key takeaways from the DOJ's AI-related compliance expectations</li> <li>• Implement AI guardrails to ensure appropriate use in compliance programs</li> <li>• Are companies adapting policies and oversight mechanisms</li> </ul> <p>Kate Godfrey, Senior Vice President, Global Chief Compliance Officer, <b>KARL STORZ</b>  Kelly Tope, Head of Ethics and Business Integrity Governance, Operations &amp; Risk Management NA &amp; Global Specialty Care, <b>SANOFI</b></p>	
10:00 AM	<b>PANEL: Leverage AI to Enhance Efficiency in Compliance Operations</b>
<p>AI is reshaping compliance functions by automating routine tasks and improving data analytics. Examine how AI can enhance compliance efficiency while ensuring accountability.</p> <ul style="list-style-type: none"> <li>• Use AI for monitoring, analytics, and compliance reporting</li> <li>• Free up bandwidth: How AI co-pilots support compliance teams</li> <li>• Evaluate simple AI tools to enhance compliance workflows</li> <li>• AI-driven email summarization and document analysis for efficiency</li> <li>• Using AI to process survey results and extract key insights</li> <li>• Automating compliance reporting and risk assessments through AI tools</li> </ul> <p>Gregory Montalbano, Associate General Counsel, Head of Compliance, <b>ASSERTIO</b>  Denis Jacob, Ethics &amp; Compliance Business Partner, Orthopedics, <b>HENRY SCHEIN</b>  Siddharth Goyal, Vice President, Risk &amp; Compliance Analytics, Monitoring and Systems, <b>BD</b></p>	
10:45 AM	<b>Networking Refreshment Break</b>
11:15 AM	<b>PRESENTATION BY HELIO</b>
12:00 PM	<b>Networking Luncheon</b>
1:30 PM	<b>Understand the Obstacles in Testing AI in a Post AI World</b>
<p>Life sciences compliance officers must understand the modes and methods for testing AI to ensure regulatory adherence, mitigate risks and uphold ethical standards.</p> <ul style="list-style-type: none"> <li>• Understand the modes and methods for testing AI</li> <li>• Determine the complexity of those methodologies and modes and the systems needed for that</li> <li>• Awareness for enterprise-wide difficulties in staffing related to the speed and costs related to AI advancement</li> </ul> <p>Stan Kachnowski Director, Digital Health Program, <b>COLUMBIA BUSINESS SCHOOL</b></p>	
2:15 PM	<b>AI and Privacy—Legal and Compliance Considerations</b>
<p>AI-driven systems process vast amounts of sensitive data, raising significant privacy and compliance concerns. This session will address how organizations can align AI practices with global privacy laws.</p> <ul style="list-style-type: none"> <li>• Evaluate how AI platforms handle patient and personal data under privacy regulations</li> <li>• Assess the intersection of AI, risk management, and ethics in compliance</li> <li>• Investigate practical steps for ensuring responsible AI data usage</li> </ul> <p>Igor Chechelnitisky, Senior Manager, Data Privacy, <b>MEDTRONIC</b></p>	
3:00 PM	<b>Networking Refreshment Break</b>
3:30 PM	<b>Using AI to Enable Governance, Risk and Compliance in Life Sciences</b>
<p>AI often is the subject of governance, but it can also be a powerful tool to assist in the process of governance.</p> <ul style="list-style-type: none"> <li>• Using AI to prepare and educate the Board and top executives</li> <li>• Building new GRC self-serve resources for employees using AI</li> <li>• Policy regulatory analysis with AI</li> <li>• Threat modeling and risk identification using AI</li> </ul> <p>Bill Reid, Security Advisor to Healthcare and Life Sciences, Office of the CISO, <b>GOOGLE CLOUD</b></p>	
4:15 PM	<b>FIRESIDE CHAT: Vision, Strategy, Leadership and the Future of AI in Compliance</b>
<p>As AI adoption accelerates, compliance teams must evolve to stay ahead. This session will focus on leadership strategies for navigating AI's growing role in compliance.</p> <ul style="list-style-type: none"> <li>• Contemplate how executive leadership views AI risk and opportunity</li> <li>• Discuss the evolving role of compliance professionals in AI governance</li> <li>• Build expertise and cross-functional collaboration</li> </ul> <p>Alicia Opal- Bonaire, Compliance Lead PDX US/CAN, <b>GE HEALTHCARE</b>  Tim Roberts, Global Chief Compliance Officer, <b>LEGEND BIOTECH</b></p>	
5:00 PM	<b>Close of Day One</b>

8:00 AM	<b>Networking Breakfast</b>
9:00 AM	<b>Chair's Review of Day One</b>
9:15 AM	<b>Drive the Acceleration of Innovation</b>
<p>Compliance teams play a big role in enabling the acceleration of innovation. The key is to operationalize teams with toolkits so they can innovate quickly with the confidence of staying compliant.</p> <ul style="list-style-type: none"> <li>• Keep up with the acceleration of AI innovation</li> <li>• How to ensure risk management doesn't block innovation</li> <li>• Provide tools that guide compliance with standards and regulations</li> </ul> <p>Sabrina Hsueh, Ethical AI and External Innovation Lead, Artificial Intelligence, Machine Learning, Advanced Analytics, and Data (AIDA), <b>PFIZER</b></p>	
10:00 AM	<b>Legal and Regulatory Update on AI in Life Sciences</b>
<p>AI regulations in the life sciences industry are evolving quickly, shaping how companies develop and deploy AI-driven technologies. Gain insights into key legal and regulatory developments and what they mean for the industry.</p> <ul style="list-style-type: none"> <li>• Breaking down the EU AI Act and its implications</li> <li>• Understand the FDA's regulatory approach to AI in healthcare</li> <li>• Navigate legislative changes in data privacy, ethics, bias, and liability</li> </ul> <p>Robert A. Wells, Shareholder, <b>BAKER, DONELSON, BEARMAN CALDWELL &amp; BERKOWITZ, PC</b></p>	
10:45 AM	<b>Networking Refreshment Break</b>
11:15 AM	<b>Essential AI Insights into Commercial Applications</b>
<p>AI is rapidly advancing in commercial operations, requiring compliance professionals to stay informed. Learn more about what questions to ask to determine where risk management strategies may be needed.</p> <ul style="list-style-type: none"> <li>• Evaluate risks related to customer interface and AI tools</li> <li>• Help guide commercial teams to look at gaps in process</li> <li>• Examine marketing and commercial processes where AI tools may sit</li> </ul> <p>Paolo De Marino, Principal, <b>ARLEX CONSULTING LLC</b></p>	
12:00 PM	<b>Networking Luncheon</b>
1:30 PM	<b>Interactive Discussion Groups</b>
<p>Optimize peer-to-peer learning by crowdsourcing solutions to common challenges surrounding AI in life sciences compliance. The connections you make will become a valuable takeaway.</p> <p><b>Group #1:</b> Leveraging AI for Compliance Training &amp; Policy Development  <b>Group #2:</b> Predictive Analytics Beyond Traditional Compliance Metrics  <b>Group #3:</b> AI in Investigations and Enhancing Compliance Program Effectiveness  <b>Group #4:</b> AI-Powered Email &amp; Chatbot Monitoring—Opportunities &amp; Risks</p>	
2:15 PM	<b>Viewpoints From the Bleeding Edge of AI and What to Expect in the Near Future</b>
<p>The rapid acceleration of AI advancements in life sciences is compounding its impact, driving a fundamental shift in strategy and compliance. This session offers a forward-looking view into near-term AI developments that are poised to reshape the field, including:</p> <ul style="list-style-type: none"> <li>• How autonomous, agentic AI systems and reasoning-based approaches are amplifying innovation at an exponential pace</li> <li>• How advances in training and optimization strategies – including ensemble techniques and open-source model tuning – can drive compounding improvements in AI capabilities</li> <li>• How increased context and advanced methods (e.g., ensemble, open-source, end-to-end testing) can yield more robust evaluation and trust</li> </ul> <p>David Gurzick, Professor, <b>HOOD COLLEGE</b></p>	
3:00 PM	<b>Managing AI Risk—Compliance, Privacy, and Vendor Selection</b>
<p>AI adoption introduces new challenges in privacy, compliance, and vendor due diligence. This session will discuss strategies for managing risk while leveraging AI's potential.</p> <ul style="list-style-type: none"> <li>• Privacy and compliance risks in AI-driven decision-making</li> <li>• Vendor selection: Assessing new AI providers vs. established technology partners</li> <li>• Third-party due diligence: Evaluating AI tools for regulatory and ethical risks</li> </ul> <p>Natalie Dranchuk, Senior Product Manager, <b>HONEYWELL</b></p>	
3:45 PM	<b>Close of Conference</b>
